

# BIER HALLE PEOPLE

**Daniel, 26,  
Accounting Student**

I'm drinking Weihenstephan today because I went to Germany with some friends and it's all that we drank there. The Bier Halle has got such a great variety of beer that you can't get anywhere else.

**Steve, 25,  
Complaints Advisor**

Each time I visit here I try different beer and experiment with ones I haven't had before because there's such a good choice.

**Gordon, 25,  
Student**

I'm drinking Staropramen today because I like the taste, but I also like Peroni too. I like the atmosphere in the Bier Halle, it's quite mellow and chilled out but always busy.

**Sarah, 18,  
Journalism Student**

This is my first time in the Bier Halle and I really like it, it's got a very original feel, like nowhere else. I'm drinking Hoegaarden which I was introduced to by a friend.

Each time I visit here I try different beer and experiment with ones I haven't had before because there's such a good choice.

**Julia, 27**

I like the selection of beers here and the pizzas are amazing too. Beers that aren't normally sold elsewhere are available and it's always quite busy.

**Mark, 28,  
Commercial Lettings Agent**

I'm meeting up today with people I met while travelling. We're drinking Chang because it brings back memories. We like the Bier Halle because it has some cheap food deals, great pizzas and a huge range of beers.

**Ewen, 34**

I'm drinking St. Mungo lager from WEST. I like pubs where I can get a seat, and where you can try different unusual beers. I'm a bit of a real ale addict, however, I like the fact I can try others here.

**David, 33 and Mikhail, 29, Students**

I'm drinking Mikhail's recommendation today but normally I drink Krusovice Dark. I like trying different types of beers and we come to the Bier Halle quite regularly as it has good food and good beers. We go to the West End one too.

**Lynne and Yvonne 25,  
Students**

The Bier Halle has a very chilled out atmosphere for a drink after work and it's a very relaxed environment. We often come in on Friday nights and it's always busy. We usually drink Miller or Corona but today we're drinking Desperados.

**Kuanysh, 31,  
Student**

I like German beers, as well as Belgium beers. I think the Bier Halle is a really nice place, it's one of the few places you can try beers from different countries. Thanks to the Bier Halle I started with Stella and upgraded to Erdinger.

**Martin, 26**

I've not had this beer, Palma Cristal, before but I normally try new beers when I come in here. I like the choice of beers here and it's quite relaxed and the staff are nice. It's also very handy being next to the train station.
